## LASER ENGRAVING

Laser Engraving the top of your Notebook PC is a great way to personalize and identify your product. Send us your organization's name and/or logo in a high resolution graphic file and we'll do the rest.

## Branding

Make sure everyone knows your logo. Great for K-12 and Universities, or any other organization that wants to show their team spirit.

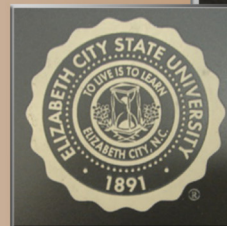

## Security

Permanently label your property. Let everyone know who the owner is and exactly what to do if found.

## Want to See More?

If you would like to see more samples of our laser engraving jobs, please visit [www.g-rillagear.com/laser](http://www.g-rillagear.com/laser)

## How It Works

Send us a high resolution graphic file (.jpg, .ai, .eps, etc.) of the image to be engraved. The better the image, the better the result.

We will engrave a sample and send you a digital image for your approval. The depth of contrast is directly related to the actual material we will be engraving.

Upon approval of the sample and receipt of the product to be engraved, we will begin production on your order.

Average ship time to is 7 - 10 days.

G'rilla brand carrying cases are sold exclusively through...
